To Whom It May Concern:

Reference for Capitol Security Services Inc.

Capitol Security joined the Sharp Hospital Project in December 2007. Since then they have proved to be a most reliable and effective company working for Gilbane Building Company.

Capitol Security is qualified and efficient in their approach to work and very well organized. They present themselves in the most professional manor.

Their contribution to all areas of security activity helped our jobsite maintain a safe, working environment.

I believe that Capitol Security Services Inc will make a valuable addition to any business needing onsite security service.

I would gladly answer any request for further information.

Sincerely,
